

I am writing to let you know that I think that the decision by Sinclair Broadcasting to force their stations to air Stolen Honor is without doubt an illegal use of the public airwaves. Clearly they hope to influence the election against the Kerry/Edwards ticket. While I am a John Kerry supporter, I would feel just as strongly about an anti-Bush film. It's not fair to force feed this to the public against all sense of fairness and the accepted I haven't seen Fahrenheit 911 for that reason. I prefer to get my information from non-partisan sources and there are many that are publicly available. If this film were being shown the way Fahrenheit 911 was, in the theaters and not on public airways, I would not object. But this amounts to a free election ad for the Bush Cheney ticket. It's not news and trying to define it as such is underhanded and smacks of scorched earth politics. Please take whatever action you can to prevent this! The election needs to be based on the facts. Now honestly, how can the Kerry/Edwards ticket hope to rebut this - it would cost a fortune yet it costs Bush and Cheney NOTHING. Please don't be in the same league with these

voter registration
groups who were
caught redhanded
tearing up
Democratic voter
registrations. That
is what this amounts
to! Please be part
of a movement to
return fairness to
our election
process. PLEASE!
